

General information

WELCOME TO LOGSTOR

Your host will follow you, is responsible for your safety and make sure that you get the necessary informations about your stay.

VISITOR CARD

You will receive a LOGSTOR "Visitor card", which must be worn visible during visit. Please always stay with your host.

DURING YOUR STAY

It is prohibited to take photo and to drink alcohol on the LOGSTOR area. Smoking is only allowed outdoor in designated areas. Do always follow instructions given from LOGSTOR employees. If you disagree, contact your host.

DEPARTURE

Please return the LOGSTOR "Visitor" card and you will be signed out. If you have received any safety equipment (vest, helmet, shoes, glasses) please return.

Information about safety

SAFETY

Safety and work environment have the highest priority at LOGSTOR. During your stay you therefore have to follow some simple rules.

ON TOUR

Always follow the instructions from your host and other LOGSTOR personnel when walking on LOGSTOR area.

Safety vest, safety shoes, helmet and safety glasses must be used outdoor and in productions areas.

Ear plugs and gloves must be used in some areas/buildings. Signs on entrance's and your host will guide you.

LOGSTOR has personal protective equipment for general use. Your host will help you with the right safety equipment.

FIRST AID AND DEFIBRILLATORS

In all our departments we have employees with first aid education. Help is therefore always near to you. LOGSTOR has 2 defibrillators and they may be used by everyone. See location on the map.

FORKLIFT AND TRUCK

We have a lot of traffic with trucks and forklifts in our area. You must show special attention to the big forklifts. Get eye contact with the driver and do NOT pass under ELEVATED LOADS.

Emergency preparedness

EMERGENCY PREPAREDNESS

EMERGENCY CALL (1 1 2)

- See the backside of this folder.

CONTACT LOGSTOR EMPLOYEE

- In case of emergency, contact the nearest LOGSTOR employee immediately. If nobody present, see backside.

ACCIDENT

- Stop the accident and give first aid.
- Call for help.
- Call 112 if necessary.
- Meet the ambulance at mark "A" or "B" on the map.

FIRE ALARM

- Smoke detectors are placed in all buildings. Fire department is called automatically.
- Evacuate the area and go to the EMERGENCY ASSEMBLY POINT (see the map).
- Call 112 if necessary.

GAS ALARM

- Departments with polyurethane foaming have "Gas alarms".
- **BLUE** light on: ALARM = Access prohibited.
- **ORANGE** light on: WARNING = Access prohibited.
- In case of alarm the area must be evacuated. Fire department is called automatically.
- Go to the EMERGENCY ASSEMBLY POINT (see the map).

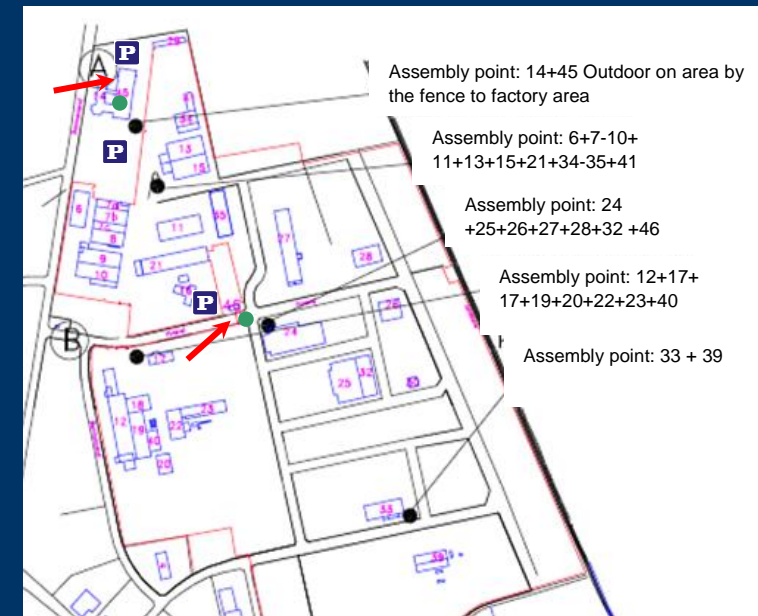

CHEMICAL LEAKS AND SPILLAGE

- Contact a LOGSTOR employee immediately.

EMERGENCY DRILLS

- Emergency drills will be held frequently. Behave as if it was a real emergency.
