

LOGSTOR presents Marek Nowakowski - Warehouse Coordinator

Please tell us a few words on how long have you worked for LOGSTOR and describe your position

I have been working at LOGSTOR since 2008. I am currently a warehouse coordinator.

What do you value most at LOGSTOR?

I value the family atmosphere the most. Over the years of working at LOGSTOR, we have become so familiar with some colleagues that in many situations we understand each other without words. This is very helpful when managing such a large and diverse team.

What have you learned here?

I learned that work is about the art of conversation, where with such a diversity of personalities it is necessary to approach each employee individually in order to achieve the goal of building an excellent team.

What is the most meaningful part of your work?

The most important aspect is the ability to create an outstanding team that by putting its best effort achieves the optimum quality goals.

When do you have most fun at work?

If I were to look at work from this perspective, I certainly take great pleasure in the good work my colleagues do, since customer satisfaction, into which their very hard work translates, is my primary goal, right after security.
