Please tell us a few words on how long have you worked for LOGSTOR and describe your position

I have been working for LOGSTOR since February 2008. I started as a Sales Representative in the Industry Team.
Now am leading the Sales Team Germany as Sales Director GER.

What do you value most at LOGSTOR?

What I like most about my work at LOGSTOR is the unbeatable quality of our products and the fact that I work together in a highly motivated Sales Team with a good cooperation.

What is LOGSTOR doing to make you successful at work?

LOGSTOR gives me the opportunity for free development and being successful with my team. This is also a result due to good partnerships and cooperation with our customers. Together we successfully implement projects with our energy-efficient products and thus contribute to the preservation of our environment.

What is the most meaningful part of your work?

The most important part of my work begins with the start of work and ends with the end of work;-)

When do you have most fun at work?

Working at LOGSTOR is also good in difficult moments, as the entire LOGSTOR team is standing behind me, especially in difficult situations.
